ANSWER

MINISTER OF CONSUMER AFFAIRS, FOOD & PUBLIC DISTRIBUTION
(SHRI RAM VILAS PASWAN)

(a) & (b): The position regarding cane price dues of farmers in all the sugarcane producing States is monitored regularly on actual basis. The state-wise details of the amount paid to farmers and pending against sugar mills during each of the last three and current sugar seasons is Annexed. Due to surplus sugar production during the last four consecutive sugar seasons over domestic consumption and depressed sugar prices, the liquidity of the sugar mills have been adversely affected leading to accumulation of cane price arrears of the farmers.

(c) & (d): In order to improve the liquidity position of the sugar mills enabling them to make timely payment of sugarcane dues, the Government has extended financial assistance in the form of soft loan, incentive on raw sugar export and performance based production subsidy scheme. There is no new proposal under consideration of the Government to provide any package/incentive including creation of buffer stocks.

(e): There is no plan under consideration of the Government to waive off loan provided to the sugar mills. The financial assistance provided by the Government are utilised to facilitate liquidation of cane price arrears of farmers. This is ensured through submission of utilisation certificates by sugar mills duly verified by State Governments.
